About FareShare

FareShare is the UK's national network of charitable food redistributors, made up of 18 independent organisations. Together, we take good quality surplus food from right across the food industry and get it to almost 11,000 frontline charities and community groups. In 2019/2020 24,074 tonnes of food were redistributed by FareShare Regional Centres and FareShare Go nationwide, our charity network serves 933,178 people every week.

Hunger is a growing issue in the UK and while there is surplus food that is otherwise going to waste, we believe that this food should be used to feed people first.

FareShare's Strategy & Vision

Vision: We have the vision of a UK where “No good food goes to waste”.

Mission: To use surplus, fit for consumption, food to feed those who are vulnerable in the UK by supporting front line charitable organisations that tackle the cause and not just the symptoms of food poverty.

Our Purpose: We are doers. We are a community. We change lives.

Our Values: **Passion** - for our cause and the challenge that lies ahead

Ambition - to go the extra mile and drive the change that must happen

Respect - for ourselves, each other, our volunteers, our partners and our beneficiaries

Collaboration - it's only by working with others that we can be stronger

Focus - on providing the best service possible so that we deliver and achieve the most for our clients/customers.

The role

FareShare believes that no good food should go to waste and is currently undertaking a three year expansion plan that will see us strive ever closer to that vision. As the Warehouse Manager of FareShare London you will be at the forefront of making this happen. You will ensure quality surplus food helps feed people in need, by leading, motivating and developing your team and the operation to ensure consistent delivery and performance within a dynamic environment.

We are looking for an experienced Warehouse Manager who wants to join FareShare at an exciting time of growth and evolution and who is looking for their next role helping to deliver real social impact on a daily basis.

A FareShare Regional Centre (RC) is unique: every day great quality surplus food arrives, some expected, some more of a surprise. The RC operates with a volunteer workforce team which, by its very nature, is diverse and with varying availability and skills. FareShare Merseyside currently operates in this environment, receiving an average of 60 tonnes of food per month which is dispatched through a variety of distribution channels to over 170 CFMs. Our plans are to more than double current operations over the next three years.

As the Warehouse Manager you will oversee and manage successfully day-to-day, as well as developing and implementing new operational practices, efficiencies and standards to achieve our growth plans. As the Head Office RC we are also aiming to develop FareShare Merseyside as a centre of excellence within the food redistribution industry and our extended FareShare Network.

Food Safety and Health & Safety are at our core. You will be fully responsible for compliance in these areas, ensuring the safe storage and transport of the food, plus the safety and well-being of all RC staff, volunteers and visitors.

Inherent within our mission is to ensure no good food goes to waste, so you will use your skills and expertise to minimise waste by working with our food partners and food sourcing team to ensure when food arrives and leaves the warehouse it is fit for consumption and timely.
