### About FareShare

FareShare is the UK's national network of charitable food redistributors, made up of 18 independent organisations. Together, we take good quality surplus food from right across the food industry and get it to almost 11,000 frontline charities and community groups. During 2020, we redistributed 113 million meals through our FareShare Regional Centres and our retail surplus model FareShare Go, reaching over 1 million people.

Hunger is a growing issue in the UK and while there is surplus food that is otherwise going to waste, we believe that this food should be used to feed people first.

The COVID19 pandemic has shone a spotlight on the issue of food insecurity in the UK and with it, FareShare's ability to get food to vulnerable communities nationwide. We are fortunate to benefit from the support of major retailers, the media, sports ambassadors and a groundswell of public engagement. As a result, there has never been a more exciting time to join an organisation at the heart of public consciousness.
